

David K0LUM

Here is the information on CWacadamy, the CW courses CWops gives

<<https://cwops.org/cw-academy/>>

here are the resources for learning

<<https://cwops.org/cw-resources>>

The G4FON program is especially good

There are several other excellent learning aids in this list

ebook2cw has good possibilities for extended practice sessions like on long drives

Archived mp3 files of ARRL code practice sessions can be found here

<<http://www.arrl.org/code-practice-files>>
